Report type: **Tree Survey**

Date: **18 November. 22**

Address: **Royal Victoria Park, Strathearn Drive and John Repton Gardens.**

	Common name	Botanical name	Ø @ 1m	Height (m)	Age	Vigour	Comments	Recommendations	Timescale for work
T1	Hornbeam	<i>Carpinus betulus</i>	0.84	9.5	Mature	Poor	3x Ganoderma brackets @2m. Brackets are large indicating the presence of good amounts of heartwood. Major remedial works performed, including removal of 2 major limbs. In effect the tree has been veteranized to actively prolong lifespan.	Inspect yearly, making note of size reduction of any new brackets.	12 months
T2	Copper Beech	<i>Fagus sylvatica purpurea</i>	0.74	13	Mature	Good	Squirrel damage evident on several branches. Crown beginning to encroach on adjacent building.	Deadwood. Prune to clear building.	6 months

T3	Sycamore	Acer pseudoplatanus	0.71	12	Mature	Good	Unrequired & ineffectual bracing fitted to joint leaders.	Remove bracing	2 years
T4	Sycamore	Acer pseudoplatanus	0.55	8	Semi-mature	Fair	Stunted fruit. Hanging branches.	Clean out crown	6 months
T5	Horse Chestnut	Aesculus hippocastanum	0.16	3	Juvenile	Good	Lawnmower damage. Small cavity displaying poor occlusion. Too late in the season to inspect leaf health. Planted too close to T6.	None	n/a
T6	Beech	Fagus sylvatica	0.23	8	Juvenile	Good	Suppressing T5.	Formative prune to alleviate suppression. Crown raise to 1.5-2m	1 year
T7	Sycamore	Acer pseudoplatanus	0.5	10	Semi-mature	Good	Unrequired & ineffectual bracing fitted to joint leaders.	Remove bracing	2 Years
T8	Sycamore	Acer pseudoplatanus	0.44	10	Semi-mature	Fair	Previously crown raised. Cuts display poor occlusion. Stem and upper crown cavities.	Climbing inspection required to ascertain possible remedial action (upper cavities)	1 year
T9	Beech	Fagus sylvatica	0.12	5	Sapling	Good		Remove stake and refit scratch guard	1 year
T10	Oak	Quercus robor	0.12	3	Sapling	Good	Gall wasp infection	None	n/a
T11	Himalayan Birch	Betula utilis <i>jacquemontii</i>	0.14	4	Juvenile	Good		Crown lift to clear car park space	6 months
T12	Himalayan Birch	Betula utilis <i>jacquemontii</i>	0.14	4	Juvenile	Good		Crown lift to clear car park space	6 months
T13	Himalayan Birch	Betula utilis <i>jacquemontii</i>	0.14	4	Juvenile	Good		Crown lift to clear car park space	6 months

All recommendations to be carried out in accordance BS5837:2010
